

DELIVERY DRIVEWAY/STREET RELEASE FORM

6310 JOHNSON STREET, HOLLYWOOD, FLORIDA, 33024

For safety purposes, El Eden Management (EEM) does not unload product at a location other than driveways/parking lots with hard surfaces (concrete/asphalt/gravel driveways) except by request of customer. EEM is not responsible for any damage incurred to driveways, trees or other areas of the property while making deliveries, it will be the sole responsibility of the customer. Also, while in the process if an EEM truck gets stuck, customer will assume full responsibility and liability for payment of EEM Towing Expenses and any Damages to EEM truck. There will be also an additional charge added to the original ticket for any truck down-time incurred. Payment for any towing expenses will be made at the time the tow is performed with payment being made directly to towing company.

No multiple dumping will be performed at delivery. EEM will not be held responsible to deliver into backyards or drive through allies. EEM delivery service is limited to dump the material at the specific location, no labor will be required from our team at any time. Any extra work required must be paid in advance and approve by the management.

STREET: Customer takes full responsibility and liability for any product on the street or if any gets on the street while dumping on driveway (street-end).

By signing this form, you are taking full responsibility and liability for any incident that may occur and accept these conditions.
